Leo Kang

International chef and former Westminster Kingsway College student

"I wanted to learn about different cuisines around the world so chose to study at Westminster Kingsway College as it is the most recognised name in Hospitality training. It was my first time outside of Korea so I was a little nervous but the College welcomed and supported me. I was impressed by the culinary techniques that I learnt from the chef lecturers as they were unlike anything I had learnt before."

After graduating I worked at a number of top London restaurants, including Gordon Ramsey, Pierre Koffman, Sketch and Zuma before moving to Dubai to work at the Gordon Ramsey restaurant there. I now work as a professional chef and food consultant on TV in Korea and love every minute of it."

International Course Fees

International Course Fees

Please visit www.westking.ac.uk/international for the latest course fees for International students. You can also contact the International Office for details of course fees. The fees that you pay will depend on the course to which you apply. Please note that in addition to course fees you may also need to pay the following:

- › Examination fees if your course includes a final examination at the end of the course;
- › Resources fees for any additional resources that you require for your course (Hospitality and Culinary Arts courses will have a higher resource fee due to the equipment requirements for these courses);
- › College Identity Card fee which will give you access to College facilities and use of the Learning Resource Centres.

Courses longer than one year

Any course fee information that you receive, which relates to a course of two, three or four years' duration, will be for the first year only (Please note: this applies to all courses except our Postgraduate Diploma courses). If you are applying for a course that is longer than one year then you must take into account the fact that course fees may rise by 5-10% over subsequent years of your course. Please bear this in mind if you have to pay fees and are applying for a course of more than one year in length.

Each year's course fees are payable in advance of the start of your course.

Refunds

Westminster Kingsway College has a '**no refunds**' policy, however, refunds may be considered if specific circumstances have been met. Please email international@westking.ac.uk for full details of the College's refund policy for International students.

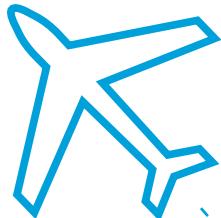

Please note: Westminster Kingsway College aims to provide the widest possible range of courses for international students. On occasion it is necessary to withdraw or move courses owing to a variety of unforeseen circumstances. The College cannot therefore guarantee the provision of all courses advertised in this guide. Where a course is cancelled or amended in any way to that advertised, the College will make every effort to transfer International students to an alternative course, should one exist that is appropriate and available. Please note that fees may change at short notice due to circumstances beyond our control. The fees payable are those in force at the time of enrolment, which supersede any that may previously have been advertised.
